PROJECT EXPERIENCE

KODEGO - FULL-STACK WEB DEVELOPMENT BOOTCAMP TITLE: MAVRICK RESORT WEBSITE

Tools used: HTML, CSS, Javascript

I coded everything from scratch. It's a solo project in front-end development. Although I'm still getting familiar with HTML, CSS, and JavaScript, I'm very proud to have completed my very first Resort Website

KODEGO - FULL-STACK WEB DEVELOPMENT BOOTCAMP TITLE: CLICKED-IN (E-COMMERCE WEBSITE)

Tools used: HTML, CSS, Javascript, Bootstrap, Github,

This is a collaborative group project where we've come together to create an E-commerce website. Throughout the process of front-end development, we've pooled our knowledge and skills, contributing to everything from UI to UX design. Each team member has actively engaged in coding, implementing various features and functionalities to ensure a seamless user experience.

KODEGO - FULL-STACK WEB DEVELOPMENT BOOTCAMP TITLE: CAE UNIVERSITY (SCHOOL WEBSITE)

Tools used: HTML, CSS, Javascript, Bootstrap, PHPMyAdmin, SQL, Laravel, Web API, Github, Render

In this project, came over with the school website, I'm on the same team from the E-commerce project, so again, we made the front-end development all together. My role in this project is to make the admin side, that allows the admin to manipulate the transaction and data of the students & faculty.

PROFILE

I'm an independent, self-driven person looking for an entry-level position in coding where I can employ my knowledge to advance my career and personal development while also contributing to the company's growth and success. Passionate and eager to learn new things.

EDUCATION

Tanauan City College

BS in Computer Engineering
